RE: Resource Recovery Certification RR0268-A
Tract I North/South
Classification - R1

Dear Mr. Haake:

This letter is to inform you that the Department of Natural Resources has completed the review of your certified resource recovery facility application form. After a review of your application and the supporting documents, the department hereby certifies, for hazardous waste resource recovery, McDonnell Douglas Corp., St. Louis, Missouri to distill/recover for reuse in manufacturing process operations spent solvents contingent upon the following conditions:

1. The operator shall comply with 10 CSR 25-9.020 and all plans and processes described in the resource recovery applications.
2. The operator shall distill/recover only those wastes listed in the application and in the amounts specified at the designated buildings 27, 48 and 51 (Tract I). Wastes must be recovered within Tract I in which they are generated and may not be moved to, or between, any other location at the facility.
3. Still bottoms must be disposed of as a hazardous waste at an authorized hazardous waste management facility or a permitted hazardous waste facility.
4. The facility must comply with all applicable federal and state regulations.

**CERTIFIED
RESOURCE RECOVERY FACILITY**

Certification for resource recovery is issued to:

McDonnell Douglas Aircraft Company

For the facility located:

P.O. Box 516
McDonnell and Lindbergh Blvds.
St. Louis, MO 63166-0516

CERTIFICATION NUMBER: RR0268-A

A copy of this certificate must be available at the facility during operation.

This certification is valid from the date signed for a period of two years, in accordance with the Certified Resource Recovery Facility Application Form approved by the department. Only wastes listed in the approved application are to be processed at this facility.

It is understood that the acceptance and use of this certification subjects the operator of the above named facility to the applicable requirements of the Missouri Hazardous Waste Management Law and the rules thereunder specifically 10 CSR 25-9.010.

This certification applies only to resource recovery facilities certified under Missouri's Hazardous Waste Management Law; it does not apply to other environmentally regulated areas.
